

January 24, 2026

CLPOA Members:

2025 was another busy year for the CLPOA. Your Lake Association Board continued to work on a vast number of initiatives designed to make our lake safe and healthy while organizing and supporting a variety of social and recreational events. Whether you are a sailor, canoer or kayaker, have children who like to race or fish, are interested in keeping the lake clean or just like to boat around Chandos without fear of hitting a rock, the CLPOA is working hard to make that happen.

We are so fortunate to have an amazing group of Volunteers who help us deliver our programs. Every activity or event has a coordinator plus a team of volunteers who work hard for the benefit of all of us on the Lake – a big Thank You to all of you!

Dave Taillefer will be leaving our Board this spring at the end of his 1-year term as past president. Dave has done a great job in a variety of roles and will continue to support the Chandos Lake community as he and his team provide our lake markers. Many thanks to Dave and congratulations on his new role as a member of the Peterborough County OPP Detachment Board.

Ed Legzdins and UE Kosar have both stepped down so many thanks to each of them for the work they have done on the Board.

Last but not least, a huge thank you to all CLPOA Members. Without your support there would be no CLPOA and all that the CLPOA does for Chandos Lake. A strong membership keeps us going so if you have a new neighbour on the Lake, please encourage them to join by going to our website at <https://clpoa.ca/>

I look forward to another wonderful year on Chandos Lake. Have a great summer everyone!

Debbie Kirton,  
VP & Secretary, Chandos Lake Property Owners Association
